### Statement of Intent

This policy has been written to take into account of the General Data Protection Regulation (May 2018) and the Data Protection Act 2018, together with advice from the Information Commissioner’s Office ([ICO](http://www.ico.org.uk)).

All individuals whose data is held by us, have a legal right to request access to such data or supplementary information held. The right of access allows individuals to be aware of and to verify the lawfulness of the processing. This is known as a Subject Access Request (SAR).

### Aim

The aim of this policy is to ensure that all parents and carers are aware of how to make a data subject access request and how North Nibley Pre-school will deal with it.

### Procedure

#### Parents

- Parents can have access to all written information about their child (except where data protection laws stipulate it is against the best interested of the child to do so). Requests can be made verbally or in writing, including via Social Media<sup>2</sup>.

<sup>1</sup> General Data Protection Regulations (May 2018) (GDPR)

<sup>2</sup> For advice on “preparing your subject access request” please see the [ICO website](http://www.ico.org.uk) ([www.ico.org.uk](http://www.ico.org.uk))

- A third party<sup>3</sup> can also make a request on behalf of another person. However, in this case it is the third party's responsibility to provide evidence of their authority.
- If we are unsure of the identity of the requester, we will ask for information (ie. ID) to verify them. In this instance, the timescale for responding to a SAR does not begin until we receive the requested information.
- The request will be forwarded to setting's Data Protection Lead (DPL) (see No 36 'Data Collection and Information Sharing' and/or North Nibley Pre-school's Privacy Notice for details of who this is).
- The DPL will consider if the request can be refused. It can only be refused if it is 'manifestly unfounded or excessive'<sup>4</sup> as advised by the ICO.
- North Nibley Pre-school may request evidence of identity to ensure data is being disclosed to the correct individual.
- There is no fee for processing a data subject access request unless the request is 'manifestly unfounded or excessive'. Even if this is the case the fee will only cover administration costs. It is permissible for North Nibley Pre-school to charge a fee for additional copies of the same information.
- We will respond without undue delay and within 30 days from the initial request. If requests are complex or numerous this can be extended by a further 2 months but this will be fully explained within the 1 month deadline.
- If the request is extremely broad we may seek clarification on the exact scope of the data required. In this case, we can pause the time-limit for responding until a clear explanation is received.
- A decision will be made on what systems and files should be searched for relevant personal data. We will keep a note of this as evidence of the steps taken in case a complaint is made by the individual to the ICO.
- North Nibley Pre-school will consider if all the data should be disclosed. There are very limited exemptions where disclosing the data would 'adversely affect the rights and freedoms of others'. This is most likely to mean redacting the information to take out anything identifying a third party or if the data is related to a criminal offence.
- A copy of the data to be disclosed will be sent to the requestor. Where possible, and certainly if the request was made electronically, the data will be provided electronically in a commonly used electronic format. If it is a paper copy, it will be sent first class signed for, if via email a delivery receipt will be requested as evidence that it was sent.
- If an individual asks, we can provide a verbal response to their SAR, once we have confirmed their identity. In this case we will keep a record of:
  - the date they made the request;
  - the date we responded;
  - details of who provided the information; and
  - what information we provided.
- A covering letter/email will also be sent containing the following information:
  - the categories of their personal data being processed by us (eg. fees);
  - the purposes for which the processing happens (eg. fee payment);
  - to whom the data may be disclosed (eg. Gloucestershire County Council (GCC), HMRC);
  - details of the source of the data (eg. registration form, Childcare Choices portal);
  - how long the data is retained by us<sup>5</sup>;

<sup>3</sup> For example: a relative, friend or solicitor

<sup>4</sup> For more information on 'manifestly unfounded or excessive' requests, please see the ICO website ([www.ico.org.uk](http://www.ico.org.uk))

- the right to have inaccurate data corrected;
- the right to make a complaint to the ICO; and
- if automated decision making applies, meaningful information about how these decisions are made will be supplied (*not applicable to North Nibley Pre-school*).
- If we are refusing to comply with the request, we will send the requestor a letter explaining our decision and outlining their right to complain to the ICO or another supervisory authority, and that they may apply for a court order requiring us to comply or to seek compensation<sup>6</sup>.can seek to enforce their rights through the courts.
- Where possible, we will consider whether it is possible to comply to a request without disclosing information that identifies another individual. If this is not possible, we do not have to comply with the request, except where the other individual consents to the disclosure or it is reasonable to comply with the request without the individual's consent. In this case we will:
  - respond to the requester on whether or not we decide to disclose information about a third party;
  - we will ensure we justify our decision to disclose or withhold information about a third party;
  - we will keep a record of what we decide and why.
  - Information pertaining to safeguarding issues will not be released if this goes against No 4 Safeguarding and Child protection policy.
- A record will be kept of our efforts to comply with the request, the date that we provided the information and any correspondence in case of future investigations by the ICO.

### *Employees*

Responses to any SAR requests from employees, past and present, will be dealt with as above. Please also see information specifically re employees contained within the Pre-school's No 36 Data Collection and Information Sharing policy document.

A copy of our Data Subject Access Request Checklist is attached to this policy.
